Video Clips

Subject Area	Discipline	Course Description
Behavioral and Social Sciences	General Business	Macroeconomics
Business	Economics	Microeconomics
English Communications		
Health and Wellness		
Humanities		
Science and Technology		

**Topic**

- The Study of Choice
- Confronting Scarcity: Choices in Production
- Supply and Demand
- The Business Cycle
- Measuring Economic Growth
- Aggregate Supply and Demand

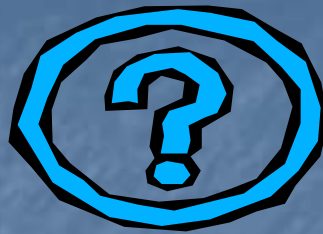

**Clip**

- Choices in Production
- Choices to Compete
- Comparative Advantage
- International Trade: Economic Interdependence
- Production Possibilities: The Rain Forest
- The Factors of Production

**International Trade: Economic Interdependence**

**Video Description:** While the volume of trade between countries has increased, so have the economic interdependencies. This video uses the production possibilities curve to show how these relationships contribute to a country's economic health. Examples are the production of heavy equipment in the United States and coffee production in Brazil.
